Global Digital Development Forum

Building a Dynamic Ecosystem of Health Workforce Data to Achieve SDGs

USAID FROM THE AMERICAN PEOPLE | HRH2030 | PEPFAR

USAID | dial Digital Impact Alliance | Chemonics | Save the Children | IntraHealth | CRS | ICT4D CONFERENCE | TechChange

The health workforce is the front line

Global Digital
Development Forum

What is NHWA?

A **system** by which countries **progressively** improve the availability, quality, **and use** of data on health workforce through **monitoring** of a set of **indicators** to support achievement of Universal Health Coverage, SDGs and other health objectives.
